AAYUSH –

This 8 month old boy Needs \$1600 for an urgent medical operation. As at July 2009.

Name	Naala
Description & family history	Aayush was born in Dhulikhel hospital and had anus blocked from his childhood. After the fourth day of his birth a small hole was made on his stomach to discharge excreta. When he was two months he suffered from anaemia and also had heart problem. He was then immediately taken to the Gangalal hospital and got know that he had two holes in his heart. It's been 2 month of his check up. In order to make his anus work properly, he needs the treatment and it costs around \$1600. Also he needs money for heart treatment (in future). The cost for his treatment is very high. Aaayush is from a very poor family. He has mother, father and two big sisters. His parents are engaged in agriculture and they do not have enough money for his treatment.
